

CEPACC
Membership Bulletin
July 21, 2010

Sisters and Brothers,

Since the company's announcement last week, we have heard from many members who are concerned and worried about their future. There have been some mass e-mails and we understand that a petition is circulating.

As mentioned in our membership bulletin last week, we are meeting with the company on July 26th & 27th. We will explore many options to try to alleviate any impact this announcement has on members. Until that meeting is concluded, we cannot speculate on the outcome. We will issue a bulletin next week as soon as we have any news.

Obviously, this is a very stressful time for everyone involved. If you have any comments or thoughts to share, please e-mail any one or all of us. We will respond to you as soon as possible.

In solidarity,

Penny Fawcett (penny.fawcett@cep2289.ca)
Phil Briffett (phil.briffett@bellaliant.ca)
